

Guidelines for *Photo Submissions* on NSAA's Website

Thank you for submitting photos for NSAA's photo gallery and/or advertising pages!

- Please submit your photos in **JPG, GIF, or PNG** format.
- Size no larger than **5 MB** each.
- Email your submission(s) to leeanna@pronkinpastures.com
- Please be aware that your photo could be re-sized and /or cropped to fit within allotted spaces, but no un-necessary cropping or sizing will be performed.

Additional hints when taking photos:

Keep photos simple with uncluttered background and foreground.

Be aware of light and shadows. When taking photos, position yourself (or your subject) so that light and/or shadows will not detract from your photo.

For outdoor photos, try to avoid the harsh mid-day lighting. Consider taking your outdoor photos in the morning or late afternoon, when the shadows are soft and the colors are warm.
